

# The 7th International Conference on Asia GIS (Asia GIS 2008)

## Abstract Guidelines

The 7th international conference on Asia GIS (Asia GIS 2008) invites abstracts for presentation. The Asia GIS 2008 conference will be held at Haeundae Grand Hotel, Busan, Korea. If you are interested in submitting an abstract for presentation, please read the following guidelines carefully. For more questions about these guidelines, please direct them to Dr. Hosang SaKong at [hssa@krihs.re.kr](mailto:hssa@krihs.re.kr).

Abstracts must be submitted online at [www.asiagis2008.com](http://www.asiagis2008.com) by **April 15, 2008**.

### PRESENTATIONS

Presenters may give **one** of the following presentations:

- [Paper](#)
- [Poster Presentation](#)

Your presentation should describe the purpose, methods, and conclusions of your research. No one may submit or take part in more than one presentation.

### Papers

- 20 minutes per paper (time includes presentation and discussion)
- 4 presentations per session
- Digital projector provided at no charge
- Abstract submission deadline: **April 15, 2008**

Each paper is allotted 20 minutes for presentation and discussion. Paper sessions are limited to four presentations.

A digital projector furnished with a computer will be available in each meeting room; however, participants may bring their own computers.

### Poster Presentation

- Session consists of posters exhibited for informal browsing with opportunities for individual discussion with poster authors
- 15 to 30 posters per session
- AV consists of 1.2m x 2.4m poster boards only
- Abstract submission deadline: **April 15, 2008**

Use the poster format for your presentation when your material can easily be communicated visually. Each presentation should make a unified, coherent statement. Materials, both textual and visual, should be of professional quality and be clearly legible from a distance of 1.2m. Graphic materials will be displayed on a 1.2m x 2.4m poster board supplied by the Asia GIS Association (AGISA).

Text should be limited to brief statements. Presentations consisting mostly of text are most appropriate as paper presentations.

### ABSTRACTS

Everyone who presents a paper or poster presentation must submit an abstract of no more than **250** words that describes the presentation's purpose, methods, and conclusions. Please be sure to include **3 to 5** keywords. All abstracts must be submitted online.

Your abstract will not be edited; you are responsible for any spelling, grammatical, and typographical errors. Use the active voice for your abstract and presentation. Transmit your research results clearly and concisely. Avoid jargon.

Submission of an abstract grants the AGISA permission to include it in the meeting abstract compilation and to disseminate it electronically.

### **Abstract Instructions**

Please notice and adhere to the following format instructions for the *body* of the abstract:

- Do not use abbreviations.
- Do not use underlining, boldface type, italics, subscripts, or superscripts.
- Do not include any codes for justification, hyphenation, line height, line centering, margins, spacing, fonts, page centering, page numbering, suppression, or tabs, in your abstract.
- Do not use bulleted lists.
- Do not use all caps.

### **TOPIC AREAS FOR ABSTRACTS**

Please indicate on your abstract the most appropriate topic from the list below to your paper. In addition to the suggested topics listed below, we also encourage submissions on research and applications of the emerging technologies in the remote sensing, photogrammetry, and other related specialties that you may want to share with. The following topics are suggested:

Geospatial Information Infrastructure  
Land Monitoring / Land Use / Land Cover  
Urban Facility Management  
Ubiquitous GIS  
Environmental Resources & Management  
GIS for Water Resources  
GIS for Socio-Economic Applications  
Remote Sensing  
Theories & Algorithms  
Spatial Analysis & Statistics  
GeoComputation

### **SELECTION CRITERIA**

All submissions will be reviewed for content and appropriateness by the conference committee. The final decision on acceptances of presentations in the program and inclusion of topics will depend on the call for papers and space availability.

### **IMPORTANT DATES**

Deadline for Abstract Submission: **April 15, 2008**  
Notification of Abstract Acceptance: **May 15, 2008**  
Deadline for Full Paper Submission: **July 25, 2008**

### **REQUIREMENTS FOR PROGRAM PARTICIPATION**

Anyone interested in the advancement of Geographic Information Science may participate in the Asia GIS 2008 conference.

You are eligible to give a presentation or participate in other capacities in the program provided you are registered for the meeting. You do not need to be an AGISA member to register.

Eligible participants may present only one paper or poster presentation. Participation in the program as a session chair, non-presenting co-author, session organizer, workshop organizer or leader does not affect your eligibility to present a paper or poster. Anyone who participates in more than two events runs the risk of time conflicts that staff will not be able to resolve.

**DISCLAIMER**

The AGISA is an open forum for sharing the results of research, teaching, development, and applications in Geographic Information Science and related specialties. The contents of presentations by individuals or groups at the Asia GIS 2008 conference are theirs alone. The Asia GIS Association neither endorses nor disclaims the conclusions, interpretations or opinions expressed by speakers at its conference.
